DECLARATION UNDER 37 CFR 1.132

I, Eisaku Katoh, declare that I am one of the coinventors of the invention described in the present application. I received a Master's Degree in Chemistry from Tohoku University in 1989. I have been employed by Konica Corporation, now Konica Minolta Technology Center, Inc. During my employment, I have engaged in research and development of materials, specifically in the area of Ink jet recording materials and Organic Electroluminescent Materials.

I am familiar with the subject matter of the above-identified application.

The following experiments were conducted under my supervision

Revised Example 3

Organic EL Element Nos. 3-9 to 3-18 were prepared in the same manner as Organic EL Element Nos. 3-1 to 3-8 described in Example 3 of the present specification, except that the host compound in the light emitting layer was replaced by the compounds shown in the following table.

The results of Nos. 3-9 to 1-18 are given in the table below with Nos. 3-1 to 3-8.
